**Generate  
Error Logs**

These Logs contain all of the relevant information needed to diagnose the Problem including a detailed error trace where the error occurred with dates and times.

These Error Logs can be viewed by an administrator at anytime by going to the "View" Menu and the choosing "View Error Log" submenu.

**Email  
Error Lists**

If the Problem can't be solved immediately over the phone all you have to do is to zip up your pertinent Error Logs, create an Email with a brief description and push the "send" button!

Remember we are only an Email away from reviewing your Error Logs so "Find them", "Copy them", "Zip them" and "Email them" to us.

We will immediately review these Error Logs and analyze these to determine the cause and we will make recommendations if it's not a bug, recommend a work around if need be and then fix it!
